## ABOUT NOVEX

Novex is a versatile tyre brand that focuses on quality, safety and comfort. With care, we develop tyres that perform in every situation – from summer heat to winter slipperiness and everything in between.

Reliability and control are our focus, so that every driver can head out knowing they're in good hands.

### **Smart technology, reliable performance**

Our tyres are manufactured using modern techniques and meet strict quality and safety standards. Thanks to smart profiles, durable materials and an optimal balance between grip and ride comfort, Novextyres are suitable for both daily rides and longer distances.

Novex offers a wide range of **summer tyres**, **all-season tyres** and **winter tyres** for passenger cars, SUVs and light commercial vehicles.

# SUMMER

# SP 5

The Novex SP 5 is a summer tyre for compact and small passenger cars. This tyre offers grip, driving comfort and reliable performance, even in summer showers.

Available in  
10 & 12" to 17"

## VOORDELEN

- *Tread design ensures comfort and grip even in heavy rain.*
- *Provides extra stability and control in corners.*
- *Reinforced sides help reduce slippage and extend service life.*

69

# SP A5

The Novex SP A5 is a summer tyre for mid-range and premium cars. This tyre combines comfort, grip and efficiency for safe and comfortable journeys.

## ADVANTAGES

- *Advanced tread for stable handling and reliable control.*
- *Quick water-draining design for increased grip during summer rainstorms.*
- *Fuel-saving properties help reduce consumption and emissions.*

72

Available in  
16" to 22"

# SUV A5

The Novex SUV A5 is a summer tyre for SUVs and medium-sized vehicles. The tyre delivers comfort, grip and smooth handling even in wet weather and at higher speeds.

## ADVANTAGES

- *Special tread for grip and a quiet, comfortable ride.*
- *Wide grooves drain water efficiently for extra stability on wet roads.*
- *Fuel-saving design for greater range and less refuelling.*

**B****C****70**

Available in  
19" to 20"

# SUV HT

The Novex SUV HT is a versatile summer tyre for SUVs and 4x4 vehicles. This tyre delivers comfortable performance and provides a quiet, enjoyable driving experience in a variety of weather conditions.

## ADVANTAGES

- *Quieter ride thanks to a specially designed tread.*
- *Flexible rubber material reduces vibrations and increases driving comfort.*
- *Deep grooves drain water quickly, providing extra grip in rain.*

69

Available in  
16" to 18"

# LTR 5

The Novex LTR 5 is a summer tyre for light commercial vehicles, designed for intensive driving and high mileage. The tyre is suitable for both dry and wet roads.

## ADVANTAGES

- *Effective water drainage for stable grip in wet weather.*
- *Durable design for long-lasting, reliable performance.*
- *Reinforced tread for extra grip, stability and ride comfort.*

**C****B****70**

Available in  
10 & 12" to 17"

# ALL-SEASON

**AS 5G**

The Novex AS 5G is an all-season tyre for passenger cars. This tyre offers security and comfort, whether you are driving in summer temperatures, autumn rain or winter slippery conditions.

### ADVANTAGES

- *All-season grip: reliable performance in any weather.*
- *Designed for a quiet ride with reduced vibration and noise.*
- *Remains stable and safe, even on wet roads or at higher speeds.*

67

Available in  
13" to 20"

# AS LT5

The Novex AS LT5 is an all-season tyre specially developed for commercial vehicles. This tyre delivers reliable strength and stability all year round.

## ADVANTAGES

- Robust and suitable for heavy loading and intensive daily use.
- Stays supple at low temperatures and firm at warm temperatures for optimal road holding.
- Deep grooves shed water quickly for optimum grip on wet and snowy roads.

71

Available in  
15" to 17"

# WINTER

# WIN 5

The Novex WIN 5 is a passenger car winter tyre that offers excellent grip, control and ride comfort in winter conditions such as rain, snow and sleet.

## ADVANTAGES

- *Flexible tread and rubber compound ensure good grip on snow and ice.*
- *Stable and comfortable on both dry and slippery winter roads.*
- *Reliable lifetime performance for continued safety.*

71

Available in  
13" to 15"

# WIN 5D

The Novex WIN 5D is a winter tyre designed for mid-range and luxury passenger cars. This tyre delivers reliable performance on winter roads, with a tread that efficiently evacuates snow and mud for optimum grip.

## ADVANTAGES

- *V-tread ensures effective drainage of snow and mud, for better control on slippery surfaces.*
- *Durable and even-wearing tread for longer tyre life.*
- *3D indentations and special blocks improve grip and stability during winter driving.*

Available in  
14" to 20"

WIN C

The Novex WIN C is a winter tyre for light commercial vehicles. This tyre combines extra load capacity with safe and stable driving characteristics in winter conditions.

### ADVANTAGES

- Reinforced construction for support with heavy loads.
- Water is efficiently drained for more control on wet roads.
- Special winter tread provides excellent grip and braking power on snowy and icy surfaces.

Available in  
15" to 16"
